

Phonak Paradise

Phonak Paradise hearing aids come with traditional zinc air batteries and with the new lithium ion rechargeable batteries. They come in the receiver in the ear style.

Made for both android, iPhone, or other Bluetooth enabled devices to stream any kind of audio directly for hands free phone calls, video calls, e-books, podcasts and any media streaming to both ears.

The new features of the Phonak Paradise include:

- the new PRISM Chip
- Speech Enhancer which improves speech in quiet situations
- Feedback Threshold Overtuning which provides access to gain in the high frequencies
- Dynamic Noise Cancellation improves the signal to noise ratio in noisy environments
- Double Tap that allows the devices to answer the phone with a double tap to the device
- A new myPhonak 4.0 app

Phonak Paradise comes in 4 levels outlined below. The higher-level devices have the features of all of the devices listed below them.

90 – Premium Level Hearing Devices

Premium performance in 9 environments and our most sophisticated features that let you focus on speech and where it's coming from. With the most advanced features to hear Speech in Loud Noise, Speech in Car, and Comfort in Echo, enjoy improved awareness of where sounds come from as well as music automatically.

70 – Advanced Performance Hearing Devices

Advanced performance in 6 environments with a great feature to help you focus on speech coming from the sides and rear, improved awareness of sounds and an automatic music program

50 – Standard Performance Hearing Devices

Performance in 5 environments that include Comfort in Noise and features to help you know where sounds are coming from in quiet environments.

30 – Essential Performance Hearing Devices

Affordable performance includes 4 environments for comfortable listening in quiet and noisy situations. Dedicated programs for phone calls and direct streaming.

Note: The **Tap Control** is available in rechargeable in the 70 and 90 Levels and **Motion Sensor Hearing** is available in the rechargeable 50, 70 and 90 levels.
